The final decision on manuscript acceptance rests with the Editor in Chief. The date of final manuscript acceptance and the name of the communicating editor follow each printed contribution.

Scope of Marine Biology

The Editors invite and will consider for publication original contributions to the following fields of research:

Plankton Research: Studies on the biology, physiology, biochemistry and genetics of plankton organisms both under laboratory and field conditions. Biological and biochemical oceanography. Environment-organism and organism-organism interrelationships.

Experimental Biology: Research on metabolic rates and routes in microorganisms, plants and animals. Respiration; nutrition; life cycles.

Biochemistry, Physiology and Behaviour: Biochemical research on marine organisms; photosynthesis; permeability; osmoregulation; ionregulation; active transport; adaptation; analyses of environmental effects on functions (tolerances, rates and efficiencies of metabolism, growth and reproduction) and structures; migrations; orientation; general behaviour.

Biosystem Research: Experimental biosystems and microcosms. Energy budgets: flow routes and balance sheets of energy and matter in the marine environment. Interspecific interrelationships, food webs. Dynamics and structures of microbial, plant and animal populations. Use, management and protection of living marine resources. Effects of man on marine life, including pollution.

Evolution: Investigations on speciation, population genetics, and biological history of the oceans.

Theoretical Biology Related to the Marine Environment: Concepts and models of quantification and mathematical formulation; system analysis; information theory.

Methods: Apparatus and techniques employed in marine biological research; underwater exploration and experimentation.

Subscription Information

Volumes 74 – 78 (3 issues each) will appear in 1983. The price of each volume is DM 282.00 or approx. US $ 118.00. Prices for back volumes are available on request. Correspondence concerning subscriptions should be addressed to the publisher.

North America: Annual subscription rate: Approx. US $ 618.00 including carriage charges. Subscriptions are entered with prepayment only. Orders should be addressed to:
Springer-Verlag New York Inc.
